

Wunderhose

FOR MEN

Here's a sock that all men have been looking for.

If you demand trim fitting hose—your own fancy as to weight socks should be—if you have any favorite colors, you will wear Wunderhose to your everlasting satisfaction.

The guarantee feature is especially attractive—there are no drawbacks because new

Wunderhose are given free for any tear through heel, toe or sole within four months of their purchase.

It is surely worth an extra premium to be insured against such an annoyance, and yet the price carries no penalty for this extra service.

WHAT IS THE MATTER WITH THE CHURCH?

REV. E. P. MARVIN,
Lockport, N. Y.

The late New York Synod says: "During the past twenty years there have been few revivals. Thousands of dollars have been expended; great choruses have been organized; thousands of cards have been signed; the largest halls could not contain the crowds, but there have been few genuine revivals; scores and hundreds have united with certain churches, but in the course of two years, very few of the so-called converted people could be found. There was no increase in church attendance, the prayer meetings were no longer, the spiritual condition of the church no better, so far as human eyes could see."

As Christ twice cleansed the temple, and as the reformers of the sixteenth century purged the doctrine and worship of the church, so now the professing church should be called upon with trumpet tones to put away her accumulating abominations, and bring in the original apostolic doctrines and practices. Let us mark some of these which engender apostasy.

Men of the pulpit, put away your literary, polished, man-pleasing pulpit essaying and destructive criticism, and preach the gospel as the apostles did with the Holy Ghost sent down from on high, and with compelling power. Be wise to win souls. God wants holy men more than brainy men in the pulpit. Do not preach a denatured gospel of evolution, void of the supernatural.

"I Am Well"

writes Mrs. L. R. Barker, of Bud, Ky., "and can do all my housework. For years I suffered with such pains, I could scarcely stand on my feet. After three different doctors had failed to help me, I gave Cardui a trial. Now, I feel like a new woman."

Take CARDUI

The Woman's Tonic

A woman's health depends so much upon her delicate organs, that the least trouble there affects her whole system. It is the little things that count in a woman's life and health. If you suffer from any of the aches and pains, due to womanly weakness, take Cardui at once, and avoid more serious troubles. We urge you to try it. Begin today.

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they won't too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free trial bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced herself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle, just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 187 W. Harrison street, Chicago, and Mrs. Mary Belford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, mild and natural. It has the advantage of being a thorough laxative and yet contains tonic properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 100 Caldwell building, Monticello, Ill.

maximum of power and minimum of machinery. Beware of the current craze of pleasure loving organization. Be neither luxurious nor ascetic. Give your dramatic and merchandising maids a well earned rest. Our true motto is not, "Let us eat and drink for tomorrow we die." If the church will not live by free-will offerings, let it die.

Put away your multiplied ecclesiastical celebrations and worldly fetes, designed to jolly the world, cheating the Lord out of his day, and offering religion on the easiest terms. Do not close up the church in summer for "outings" that give the devil his "innings." We need a better church rather than a larger one, and martyr-killing might help this. Gideon's three hundred could do a great work. Wee unto you if you do not sometimes make a row with the world.

Do not rob the Lord of his holy day, by observing all sort of worldly celebration days, that are multiplying in the church.

Put away the caterer, merchandiser and merry-andrew, with their culinary clatter and dramatic razzle, from our sacred courts, and everything else not taught or implied by Christ and the apostles. Let there be less feasting and fun, and more fasting and prayer. Postprandial prattling does not edify saints or please God. Do not be retired Christian, but militant. You are sent as a society of soul winners. Bring in all that properly belongs to an apostolic church, then go ahead in earnest, with faith in God, and in the old and only gospel for saving lost men. The Bible is your check book. We are a spectacle to God, angels and men, in these last times. The church can not be spiritually revived, and it can not make true progress while these

evils remain it. Mark it, that while these things continue to prevail in the churches, the results of revival work, even by our best evangelists, will continue to be "meager and disappointing."

Western Recorder, July, 13th 1911

Fretful babies need the comforting effect of McGEE'S BABY ELIXIR. It quiets feverishness, corrects sour stomach, cures colic pains and checks diarrhoea. It is a perfectly safe and wholesome remedy containing no opium, morphine or injurious drug of any kind. Price 25c and 50c, per bottle. Sold by Jas. A. Orme, Marion, Ky.

Navigation Being Retarded.

Evansville, Ind., August 8.—Steamboats all along the lower Ohio and Green rivers are having a great deal of trouble with the low water, and many boats have gone aground during the past week. For several days the steamer Taron, that plies between here and Louisville, was fast on a sandbar at Lewisport, Ky.

It is understood the Louisville and Evansville Transportation Company is planning to place several low-water boats in the Louisville and Evansville trade. Navigation on the Wabash river has been suspended for several days. Many boats between this city and Paducah, Ky., have had no end of trouble in making their trips during the past week.

Mysteriously Killed.

San Antonio, Tex., Aug. 8.—John L. Ricketts, cook of company E, 22nd Infantry, was found dead in his bed in the barracks yesterday. His death is somewhat of a mystery, the doctors reporting it was due to phenol poisoning, but no vial or package that might have contained a drug could be found among Ricketts' effects. Ricketts was 37 years old and enlisted from Kentucky.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it for forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50 cents and \$1.00. Trial bottle free. Guaranteed by Haynes & Taylor and J. H. Orme.

SCOTLAND'S EAGLE EYE SALVE
Good for Nothing but the Eyes

Vanderbilt Training School for Boys, Elkton, Ky.

A limited, select school for boys. Faculty of college-trained men. Our patronage has come from several Southern states.

Electric lights, Steam heat, Hot and cold baths.

Extremely healthful location \$4000.00 spent on improvements last year. NO SALOON IN TOWN OR COUNTY. Moral surroundings excellent. UNEXCELLED AS A SCHOOL FOR YOUNG BOYS.

Nineteenth year of school opens Sept. 6, 1911. Write for catalogue. Address all communications to

Matheney & Satts, Desk A.

SCHOOL TIME

We announce the beginning of our 18th annual fall term on September 5th.

New college building just completed. Fine equipment. Expert teachers. Positions for graduates.

GOOD BOARD \$2 A WEEK

Preparatory, short-hand and business departments. Write for descriptive literature

Lockyear's

BUSINESS COLLEGE
Evansville, Ind.

EX-LIEUTENANT GOVERNOR DIES.

Hickman, Ky., Aug. 9.—A telegram was received Sunday announcing the death of R. T. Tyler of this city, which occurred in Toronto, Canada. Mr. Tyler was a retired lawyer and financier. He was one time Lieutenant Governor.

He was identified in many business enterprises and was one of the wealthiest men in Western Kentucky.

The remains arrived here Wednesday.

Stepping on a rusty nail has been the cause of many cases of lockjaw. The nail was not so much the fault as neglect of the wound. If such wounds were promptly cleansed and BAL-LARD'S SNOW LINIMENT applied there would be no lockjaw, as the antiseptic properties of the liniment would counteract the poison and the wound would heal quickly. Price 25c., 50c., and \$1.00 per bottle. Sold by J. H. Orme, Marion, Ky.

Awakes After 105 Days.

Vandalia, Ill., Aug. 7.—After sleeping continuously for 105 days Miss Hazel Schmidt, the 18 year old girl whose strange case has puzzled physicians for weeks, was awake for five hours today and ate three meals.

She said she felt no ill effects from the slumber. Attending physicians say the girl's trance is broken and that she soon will be herself again.

Attack Like Tigers.

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply, strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." The make rich, red blood, strong nerver and build up your health. Try them. 50 cents at J. H. Orme's and Haynes & Taylor's.

Seeding Alfalfa.

The Kentucky farmers Institute says that alfalfa is best seeded in August or September, but before seeding the seed bed should be persistently worked, and thoroughly prepared. If the soil is acid or sour, it should be sweetened through the application of air slacked lime or finely ground lime stone.

If the field is well worn a liberal dressing of nature will act as an insurance against probably failure. Disc the surface of the unplowed land, after dressing with nature, until a mulch of

loose soil is on the surface. Plow to a depth of six inches or deeper, and immediately disc and harrow, roll and drag until you have a seed bed fit to sow onion seed in. Then apply your lime or limestone and again harrow. This should provide an environment of alfalfa seed, which, with one addition, will not only supply the factors necessary for germination but for rapid growth and development as well.

The remaining requisite, at least on most soils of the state, is inoculating with the nitrogen gathering bacteria that use the alfalfa as a host plant. This may be applied when the seed is being sown, if you use a drill for sowing, or it may be applied broadcast either immediately before, or immediately after the sowing. In either instance when sowed broadcast it should be harrowed in at once. To secure the inoculating bacteria, take the surface soil from the established alfalfa field or from under thrifty sweet clover plants, and scatter this soil over the field, remember however, to harrow immediately after sowing the inoculating soil.

In seeding alfalfa, sow either with a drill or broadcast, from ten to twenty pounds of seed per acre. If the seed is tested, and germinates strongly a less quantity may be sown, especially when the drill is used. Seeding should place the seed not over one and a half inches below the surface.

OUR ALFALFA OFFER.

Every farmer who fails to read our alfalfa offer in another part of this paper loses money. We offer absolutely free of charge, enough alfalfa seed to sow one-tenth of an acre. Each package of seed contains printed instructions on how to prepare the ground, sow the seed and care for the plants till they are established. Read our offer and send in your order today.

A King Who Left Home

set the world to talking, but Paul Matheuka, of Buffalo, N. Y., says he always KEEPS AT HOME the King of all Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25 cents at J. H. Orme's and Haynes & Taylor's, Marion, Ky.

Little Red Shoes.

There's a hole in the toe
And there're battered and worn,
A button is missing,
The red is 'most gone,
Yet I know of few things
That I hold half as dear
As the Little Red Shoes
On my high chandelier.

The hole in the toe
Was the special delight
Of the wee one who wore them
So bonnie and bright;
So I treasure them now
And hang them above
For the sake of the wee one.
My dear little love.

They talk to me often,
Those Little Red Shoes,
And tell of high revels,
Gay laughter, soft coos,
And many a frolic
Joined in by us all
For the sake of the wee one
Who held us in thrall.

They 'mind me of walks
Through nursery and hall
To search for the moon
Or to play hide and call;
Of long, tender twilights
When sleepy dark eyes
Watched for the Sandman
To low lullabys.

There's a hole in the toe
And they're battered and worn,
A button is missing,
The red is 'most gone,
Yet I know of few things
That I hold half as dear
As the Little Red Shoes
On my high chandelier.
